JÄRVSÖ JAKT & FRITID

MAGNUS ERIKSSON

The store Järvsö jakt och fritid is located in beautiful Järvsö in Hälsingland. Our store offers a large selection of wares for hunting, fishing and outdoor life. We also offer shooting events and guided fishing tours. We offer boats for rent and also a selection of self catering accomodations.

We fish for river-pike, pike-perch and bass in beautiful Ljusnan, a river that flows just around the corner from our fishing shop. Järvsö is surrounded by amazing nature, mountains and valleys, and forests.

We have several lakes nearby suited for spin jerk and jig fishing; Tevesjön, Kalvsjön and Bodasjön.

If you wish to fish for trout, the whole of mellanljusnan, with its good currents, is suited for fly and spin fishing. For those of you keen on winter fishing, this is the perfect place.

For those of you intrested in downhill skiing and long distance skiing, there is Järvsöbacken and Harsa. For the fishing loving family, this is the perfect spot with a wide range of different activities to choose from. Here we have the famous Järvzoo and wild life center Dom 5 stora.

Why not try a hand at canoe paddling or spend a day white-water rafting in the river Ljusnan? We also have an exciting mountain bike park, right here in Järvsö!

Don't hesitate to contact us. We will help customize your trip to suit your needs. Our professional staff will take care of you and offer the best quality service.
